LAST NIGHT'S 103 MAKES TOTAL 1,177

REVIVAL WORKERS COUNT ON 2,000 IN FEW DAYS.

SCOVILLE DEFIES PERSONAL CRITICS

Evangelist's Talk Not Sensational But Based Entirely on the Teachings of the Bible.

"Lined up" to date	1,177
Collection last night	$41.25
Collection to date	$956.06
Attendance yesterday	3,300
Attendance to date	43,100

Dr. Charles Reign Scoville clasped hands with 103 persons in response to his invitation to "line up" for Christ at the tent-tabernacle last night. This brings the total up to 1,177, and personal workers and other boosters are out to reach the 2,000 mark within the next few days.

Three services will be held tomorrow and four Sunday. The local committee is arranging for the largest crowds since the campaign started and already the tent-tabernacle, seating 3,500, has been filled several times.

Dr. Scoville delivered his famous sermon, "The Bible Hell," last night. He conducted a driving, slashing, merciless attack upon Pastor Russell and Russellism. He denounced all who do not believe in hell, and scorned all religions that he believes deny heaven by denying hell.

Defies Critics.

Defiance to critics came when the evangelist said:

"You say I am behind the times, eh? Well, maybe I am, but I have four college degrees, I have been around the world and I took a trip to the Holy Land.

"Tonight I am more convinced than ever before that there is a hell and that those who don't accept Jesus Christ are lost."

Dr. Scoville's delivery was the marvel of those who saw him. He was attired in a close-fitting English walking suit and wore white shoes and sox. The suit set off the lines of his physique so that he looked like a runner ready for action.

From the time he opened the sermon by drawing some lessons from a chart, until he started the invitation nearly an hour later, he argued, pleaded, stormed, paced back and forth, worked every part of his being, and with the sweat literally drenching him he poured out words so rapidly that his audience gasped.

Talk Not Sensational.

Yet his talk was not sensational. He declared it was based entirely upon the bible. He showed where Gehenna, meaning hell, is used a number of times in the testaments, and declared that those who deny that God threatens eternal punishment for sins here are only accepting a half gospel.

Hurling a long pointer to the ground early in his sermon, he pointed at it and said,

"If I should say that it is a live trolley wire all of you would dodge, but when I say out of the Word of God that the wages of sin is death, you look at me calmly.

"Death means hell as it is used in that passage in the bible. The bible speaks of 'perish for sins.' Perish used in that way means hell. The bible speaks of condemned or damned. That means hell.

Infidelity Curse of World.

"Old Dad Russell—they call him Pastor Russell, but I don't know what he is pastor of—is sending souls to hell. Too many chumps, mugwumps and mutts are putting false bottoms in bottomless pits. Infidelity, that is cursing the world today, is unbelief and doubting in the churches.

"You don't stop to think that God gives you food, air, sight, heart, body and mind. You fight shy of the church and dodge revivals and say you do not believe in the bible, but some time you must face the end. A lot of folks who can't live up to Christianity try to deceive themselves into believing

Scoville Sayings

Some of you old duffers can't swing into heaven on your wife's dress tail.

Show me a man's desire and I will show you where he lives.

Some of you like it so well in Maryville you haven't made arrangements to go to heaven.

Hell in the Bible is certain.

There are people who have gall enough to fill a ten-quart bucket.

The dinky preacher who doesn't believe in the word of God should take an unending vacation.

Governor Major would be a better man, that is, if he would line up for Jesus Christ.

You say I am behind the times? Well, maybe, but I have four college degrees and have made a trip to the Holy Land.

If I were on a smelling committee I'd bark like a hound dog at some of the stinkers who are up trees here in Maryville.

Crooks, bums, white slaves, criminals, libertines, drunkards, gamblers, prostitutes and the like will not sit in heaven alongside those who followed God here.

I have neither tried to win your favor nor shunned your slams. Think of me as you will, I have preached the gospel as I see it, and if you don't like that I don't care a continental.

RELIGION, AN ASSET

FLOYD MILES, PUBLICITY MAN, TALKS TO NORMAL STUDENTS.

Speaks of the Value of Classmates and Discusses Christianity From Standpoint of Efficiency.

Floyd F. Miles of the Scoville party gave an interesting talk at the Normal assembly yesterday morning. It was as pleasant a talk as has been heard at assembly for some time. Mr. Miles is a lawyer, newspaper man and former treasurer of Des Moines, and a young man of wide experience.

After making a few preliminary remarks concerning football, wishing us all the luck possible, he plunged into his subject. Among other things he said that no man could live unto himself and that every day we meet a classmate we leave them better or worse. That such men as McKinley, Wilson and Roosevelt made for themselves places in history because the people with whom they came in contact made them better.

He told of a friend who got in with bad company until he was so influenced that he committed a crime and was sent to the penitentiary. It became the painful duty of Mr. Miles to write the newspaper story concerning the crime. But he said that the newspapers never tell the whole story. If they did, then alongside the story of the fall of this young man, would have been the story of the old gang, their names, their first taunts to him before he finally joined them, and all their influence upon him.

Mr. Miles said that religion paid, even from the standpoint of efficiency, both moral and mental, and that it was an asset from the standpoint of manhood, womanhood, or from any other point of view.

VERNON NASH ON VISIT

Former News Editor of Democrat-Forum in Maryville—Will Sail for England Sept. 28.

Vernon Nash, former news editor of The Democrat-Forum, arrived in Maryville last night from his home in Troy, Mo., and will spend a few days in the city visiting friends. He will leave Sunday evening for Chicago. After a short visit there he will go to New York, making short stop-overs in Pittsburgh and Philadelphia.

Mr. Nash must be in New York by September 28, as the ship Andania, on which he is to sail for England, leaves that day. He will make the trip across the Atlantic with about thirty other Rhodes scholars, who are also bound for Oxford.

Mr. Nash has plenty of baggage, but has included no submarine protectors. All of his friends are greatly concerned for his safety, but when they ask him how he feels to be making such a trip in these days of submarine warfare, he says, "Oh, I don't let myself think much about it."

STANBERRY LEADS

RED SOX WIN FROM MARYVILLE FEDS, 7-4.

SECOND GAME IS FAIR

Tarkio Beats Albany With Final Score 13-1—The Tournament Ends Today.

Standing in the Tournament.

	Won.	Lost.	Av.
Stanberry	2	0	1.000
Maryville	1	1	.500
Tarkio	1	1	.500
Albany	0	2	.000

Stanberry is now leading the tournament, winning from Maryville in the first game yesterday afternoon by a 7-4 score. The game was called by agreement at 3:30 o'clock so as to start the second game on time.

Homer Scott was again the fielding star of the day, cutting off several would-be hits by his fast work at short.

Maryville scored one in the first inning on a fielder's choice, a base on balls, a hit and a sacrifice fly. Stanberry took the lead in the fourth by making four runs. Yaryan reached first when Walker dropped his infield fly. Lynch and McLean singled.

Kyger hit to right center for a homer, scoring four runs. The Feds also scored one in the fourth on a base on balls and an error. Stanberry added three more in the seventh on Britton's single, Reudy's triple and singles by Fulks and Lynch.

The Feds made a final effort to catch up in their half of the seventh, but two runs was the best they could do. After two outs Richardson singled and both scored on Scott's hit. Tilson walked but Grant struck out.

The game was called at the end of the seventh.

The Feds had a good chance to score in the fifth. After two outs Richardson and L. Walker singled. Scott hit one over third that looked good for at least two bases. Those who were in a position to see the ball say that it was fair by five feet, but the umpire standing behind pitcher called it a foul ball. Scott then struck out.

Thieman failed to show and Black was sent to the mound. In the second frame Scott prevented several Stanberry runs crossing the plate by fine fielding. With the bases full and one down, Britton sent a liner between second and thrid that sure looked good. Scott jumped into the air and to his right and came down with the ball. He touched second and doubled up McLean who was rounding third when the catch was made.

Batteries: Maryville — Black and Richardson. Stanberry—Yaryan and Noyes.

The second game of the afternoon, between Tarkio and Albany, was a fairly good game after the first inning.

Hilix started in the box for Albany but could not find the plate. He walked three men and allowed six hits in the first inning, counting eight runs. Dawson took his place in the second inning and pitched good ball. The final score was 13-1 in Tarkio's favor.

Fyers, Tarkio second baseman, won the fielding honors in this game. The batteries were: Tarkio—McBride and Withrow. Albany—Hilix, Dawson and Stephens.

Maryville and Albany, and Tarkio and Stanberry are playing today. If Stanberry wins, they take first money, but if Tarkio wins and Maryville beats Albany, it will be a three-cornered tie for first place.

Bob Simpson, the University of Missouri's hurdler star, who is scheduled to run in Sweden's royal races in October, left Columbia at 8:20 o'clock last night for New York City. This change in Simpson's original plans to leave on next Saturday night comes as a result of the plans made within the last few days by the New York Athletic Union for a meet on Travers Island Saturday afternoon.

FEDERATION OF WOMEN'S CLUBS MERGES INTO COUNTY ORDER.

Will Be Called Nodaway Council of Clubs—Miss Jessie Parcher Heads Committee on Plans.

As a result of a meeting held yesterday afternoon by twenty-five representatives of the city and county clubs of Nodaway county, the City Federation of Women's Clubs decided to merge into a new organization consisting of all of the Clubs of the county and known as the Nodaway Council of Clubs.

The purpose of this new organization will be to form a clearing house for the interchange of ideas and for the spread of suggestions that will benefit all club members of the county.

The following officers were elected to take charge of the work of organization: chairman, Miss Jessie Parcher, vice-chairman, Mrs. L. E. White; secretary, Mrs. Wellington Dusenberry; treasurer, Miss Kate Schenck, and custodian, Mrs. S. Casteel.

The Maryville clubs represented at the meeting were: the M. I. Circle, the P. E. O. Chapter, the Mothers' Circle and the Twentieth Century Club. The out-of-town clubs sending representatives were: the Lasher Homemakers and the Herron Homemaking Circle.

The committee in charge of organization will extend an invitation to every club in the county to become a member of the council. It is expected that nearly all of the clubs will take advantage of the opportunity. When all of the clubs have been given time to decide on the matter, a meeting will be called, perhaps in October, for the purpose of perfecting the organization, and arranging for the council meetings.

TROOPS TO BORDER

BATTALIONS OF SEVERAL STATES ORDERED TO BORDER.

U. S. Secret Agents Instructed to Find Out if Villa Is With Rebel Army at Chihuahua.

Special to The Democrat-Forum.

Washington, Sept. 22.—Direct orders were sent to the secret agents of the United States along the border to find out positively whether Villa is actually at the head of the rebel army at Chihuahua.

No effort has been made to disguise the apprehension in official circles caused by the official report of General Bell that Villa had carried through a masterful raid upon Chihuahua City.

If Bell's report is true, the government would probably be compelled to serve an ultimatum demanding Villa's capture or death by the Carranza forces. Failure to accomplish this might cause a heavy re-enforcement to be sent to Pershing with a renewal of the orders to "get Villa."

More State Troops to Border.

Washington, Sept. 22.—The war department today ordered to the border the troops of several states. Two battalions of the Wyoming national guards, Troop A of the Kansas N. G. and Troop B of the Wisconsin, are affected by the order.

Galveston, Sept. 22.—Passengers arriving here today declared that two British subjects and thirty-five Carranzistas were killed on September 16 when Villistas raided an oil camp near Tuzpam.

T. J. TOBIN INJURED.

Team Becomes Frightened at Automobile, and Runs Away.

T. J. Tobin was painfully bruised in an accident near his farm east of Burlington Junction Saturday when his team became frightened at an automobile. He had been sowing grass seed on his east place, using a team and two wheels of a wagon with seeder attached, and was returning home for dinner. His son James was driving and at a sharp turn in the road they met Bert Mitchell's car at close quarters, which frightened the team, causing them to bolt, and the tongue dropped from the neck yoke. Tom was thrown forward behind the horses' heels and was badly bruised and cut by their hoofs. Dr. C. G. Dean was called and attended his injuries and the patient was confined to his bed for a time. It was fortunate he was not injured worse.—Burlington Junction Post.

ALMOST TO BLOWS IN DAM AFFAIR

WATER BOARD ORDERS DITCH CUT IN DIKE TODAY.

NEEDED TO PREVENT TAINTING OF SUPPLY

Temporary Bank to Float Dredge Over Was Below Sewer Outlet—Sheriff's Help Asked.

Preparations being made by Superintendent Charles Holdaway, in charge of drainage work on the 102 river, to float his dredgeboat over the water works dam culminated in an exciting little incident this morning. In order to float the boat over the dam, Mr. Holdaway had a dam built below the city dam that was higher and was intended to hold enough water to enable the boat to float over the city dam.

When members of the board of public works went down last night to look over the situation they discovered that Mr. Holdaway's new dam had been built below the sewer outlet and they at once notified him that they could not permit this water to be backed up over the city dam and become mixed with the city water. The matter was discussed at some length and it was thought that the difficulties could be adjusted this morning.

When members of the board went down to the water plant this morning, however, they discovered that a dam storing water for the use of the dredging outfit further up the river had been opened up and that the water was coming down at a rate that would soon run the water from the lower dam back over the city dam. They at once decided on heroic action and engaged a force of men to cut a ditch at the end of the lower dam constructed by Mr. Holdaway in order to prevent the water from going higher.

While this was in progress, the drainage men appeared and demanded to know under what authority the water board was proceeding. The water board replied that they were proposing to protect the consumers of city water from the imminent contamination of the city water with sewage. Mr. Holdaway believed he had some rights in the matter and set his men to work to fill up the ditch dug by the men under direction of the water board.

The latter called upon the sheriff to protect them in their work and things began to look interesting when there was a sudden swish, a crumbling of dirt and the controversy was ended. The pressure of the lack water was too much for the new drainage dam and it went out and the water with it.

The loss of the dam and the water will cause a serious delay in getting the dredgeboat down, but the city water board declare that nothing would justify letting sewage into the city water and there doesn't seem to be any argument on that score.

The matter will probably be adjusted now that the dredgeboat can be floated down without any danger of contaminating the city water.

The Old Time Religion.

Editor Forum: Once again we must call the attention of Dr. Scoville to the fact that there is plenty of room for his work without attacking well organized religious bodies. But he doesn't seem satisfied that this is a fact. So we will be pleased for the doctor to present the principles of the religion "produced by Joseph (Joe) Smith" that are "sending souls to perdition," the following of which will make any one a fool.

We want chapter and verse, please. Mere assertions don't count here. Yours for a big revival of the old time religion with plenty of good, truthful preaching of the gospel of Jesus Christ. Respectfully,

E. S. FANNON.

that they can escape hell. They can not. What they think does not change the existence of the place of damnation.

"A lot of skunks, lizards, turkey-buzzards and porcupines are expounding doctrines that are sapping the vitality of the churches that were founded by your fathers, who waded through blood to found them.

Door Closed to Unbelievers.

"God closes the door of heaven to unbelievers, and when God does that, Dad Russell can't open it. You say the God who made everybody won't destroy anybody. Well, if he made everybody, isn't it possible for Him to destroy anybody? Hell in the bible is certain. Moody said once that twenty-four hours before the flood the Ark wouldn't have sold for fifteen cents for kindling wood, but that when the flood came the unbelievers rushed to the door and begged for admittance. So it is now. Hell doesn't scare some folks now, but once they face it they will know it exists.

Doubt Begets Indifference.

"Doubt begets indifference. You may say I am out of date. What do I care if I am out of date with this God-hating, Godless age when I know I stand on the Truth in the bible which was inspired by the Holy Spirit? I would rather be out of harmony with the Godless gang and the Christless clique than to be out of harmony with God.

"Men lose control of themselves. If the men in the prison had followed God they would not now be in prison. Governor Major, a fine man, would be better if he would accept God.

"Do you think everybody will be saved? You're a fool if you do. Bartenders, white slavers, gamblers, criminals, crooks, home wreckers, drunkards, grafters and other dastardly scamps won't sit alongside praying mothers and God-fearing men in heaven. It is bad enough for the good to have to put up with such rotten skunks here without thinking of doing it in heaven.

Need Sponge to Noses.

"Good people need a sponge to their noses to keep from smelling the rotten ones. If I was on a smelling committee I would bark like a hound dog at some of those who are up a tree in Maryville."

The choir sang several numbers in the preliminary service that pleased the audience. Musical Director Forsythe and Mrs. Arlene Dux Scoville sang a duet that was warmly received.

Dr. Scoville addressed 300 persons yesterday afternoon on the One Hundred and Third Psalm. He took up a study of the chapter, and at the close one man rushed up to him and said, "That sermon was better than any 50 cent chautauqua lecture I ever heard."

Many prominent persons were among those who "lined up" last night.

NEWS FROM ALL Northwest Missouri

Richmond's Commercial Club has been reorganized on a county-wide basis, its name now being the "Ray County Club."

A recruiting station for the United States army was opened last Thursday in Maryville with Theodore Kohm of the U. S. army in charge.

Last Saturday Burlington Junction dealers paid 22 cents cash per dozen for eggs, 17 cents for springs, 14 cents for hens and 31 cents for cream.

Trenton has voted to spend $30,000 to install a filteration plant. The thirst of Trenton citizens for pure water was indicated by the majority—five to one—by which the bond issue was carried.

Nearly $60 an acre for a 60-acre orchard is the price received by a Ray county man for his apples on the trees. They are mostly of the Black Twig, Jonathan and Ben Davis varieties, says the Missourian.

Of the 98 motor cars sold in Burlington Junction during the past season, 65 were Fords, reports the Post; 15 were Overlands, 12 were Saxon Sixes 3 were Buicks and 3 were Maxwells.

"We are buying potatoes. Bring them in any day. We pay spot cash," reads the advertisement of a Maryville store. This is merely a straw in the wind, indicating the trend of the potato market.

Charged with stealing 20 bushels of wheat from a neighbor's bin, William Ellsworth of Modena is in jail at Princeton, says the Post. It is alleged that the wheat was sold to parties at Spickard and Mill Grove.

The Princeton city council has leased the city park for a period of 20 years at one dollar a year to the newly organized Mercer County Fair Association. The new fair association will have a capital stock of $10,000.

Having dug an 18-foot well and walled it, M. M. Fisher of Unionville was preparing to remove the scaffolding when a wire holding the platform on which he stood broke and precipitated him to the bottom of the well, inflicting fatal injuries.

So closely did a Clinton county boy imitate the bark of a fox in trying to have some fun with a crowd of fox hunters, who were returning empty-handed from a hunt, that one of the men fired into the clump of bushes from which the sound came and with such good aim that 60 shot took effect in the boy's face and body, destroying the sight of one eye and inflicting many painful wounds.

At the end of the first week of school in Gallatin, seventeen mothers spent the afternoon with the teacher and pupils of the first grade, discussing ways and means of holding more closely together the home life and the school life of the first grade pupils.

From his triumphs on home soil, Bob Simpson, the Bosworth hurdler, will go to Christiana, Norway; Copenhagen, Denmark; and Stockholm, Sweden, in October, as one of the four great athletes representing the American Amateur Athletic Union in the international games.

As a part of Grant City's big revival fifteen auto loads of men made a tour of Worth county on the day the circus came to Grant City, and as a result of their efforts the revival drew a much larger crowd than did the circus that night. On the gospel tour four members of the band were carried in a big Cadillac over the side of a bridge, down a steep bank and across a shallow stream, right side up and unharmed.

Having been a buggy-maker in the seventies, when a good buggy sold for $275, fine family carriages for $600 and street hacks from $700 to $1,500, Dan Halleran, an Independence blacksmith, marvels at the present low cost of automobiles and declares that the automobile has put the family carriage almost completely out of the game. Carriage work has been reduced seven-eighths, he says, and buggy repairing one-half.

The absence of saloons from Maryville was one factor in making the recent fair the most successful in Maryville's history. The paid attendance was 79,000, the net profits exceeded $5,000, and during the fair week there were only six arrests, in contrast to the many that formerly marked this annual event.

So great is the progress made in medicine that, though the bite of a leech was considered curative fifty years ago, nowadays the doctors get a fat fee for curing a man of leech bite. Henry Daum of Blythesdale is recovering from a week of serious illness with blood poisoning, caused by the bite of a leech, says the Bethany Republican.

As he sprinkled strychnine on an ear of corn intended for the rats, Am. Gisebert of Altamont recived a dose of the deadly stuff in his own mouth, borne thither by a gust of wind, and had it not been for a fast driving doctor and a good car he, instad of the rats, would have died. The Altamont Times quotes Gisebert as saying that hereafter he will kill rats with a club.

"PAYING THE PRICE."

Feature at Empire Tonight Is Story of Naval Life.

"Paying the Price," a story of naval life in Washington as well as on several United States torpedo boats, including the "Wadsworth," is the film extraordinary coming at the Empire Theatre tonight. In this picture Gail Kane, who made such an enviable record as the star in the Broadway productions of George M. Cohan's "Seven Keys to Baldpate" and "The Miracle Man," will have the leading role. This picture was made in co-operation with the United States government, a special order being received from Secretary of the Navy Josephus Daniels allowing the members of the World Film company to take scenes aboard the U. S. Torpedo Boat Destroyer Wadsworth, from which several torpedoes were fired, and two exploded to give the picture the realistic atmosphere required for the proper interpretation of its plot. Each torpedo costs over $4,500, giving an idea of the amount of money spent for realistic effects in making this five reel feature.

SPAIN FOR PREPAREDNESS

Details of New Program for Reinforcement of Army Just Made Public—Permanent Army 115,000

Madrid, Sept. 20.—The details of the preparedness program of the Spanish government is expected to adopt have just been made public.

The permanent army in the Peninsula will be fixed at 115,000 men, while that in Morocco will become automatically reduced to 60,000 men, which represents an increase in the general effectiveness of some 40,000 men.

The troops will be divided into ten divisions of the permanent army, while eight divisions of reserves will also be created. These divisions will consist of from 7,000 to 8,000 men on a peace footing, capable of being brought up to 17,000 in time of war. The regiments will comprise 1,500 men in normal times, and will each consist of three battalions of 500 men. The scheme also indicates the creation of two independent divisions of cavalry.

MR. GOODEN GOES VISITING.

Boss of Old Lanning Mill Is Guest of Sentinel Family at Parnell.

Cooper Gooden, an uncle of the editor of the Sentinel, was over from Maryville Monday afternoon and night, the guest of the Sentinel family. Mr. Gooden is one of the oldest residents of Nodaway county, having come here in the early '60s. For many years he was the "high boss" of the old Lanning mill when people used to come from Iowa and many miles in all directions to that historical mill place to have their "grist" ground, and would stay days at a time waiting for their corn meal, bran, flour and shorts.—Parnell Sentinel.

THEY FORGOT TO PRACTICE

City Fathers of Burlington Junction Urged Use of Tail Lights, and Neglected Their Own.

There's quite a buzz in municipal circles just at present over the automobile light ordinance, requiring all motorists to have their tail lights "trimmed and burning." Quite a crusade had been waged and two arrests made because of failure to comply with the ordinance. The offenders pleaded guilty but execution was stayed for the time being. But the worst blow came Tuesday night when the mayor and city council made a drive over the city in an alderman's car and information was filed against them for running without a tail light. Hearing of the charge the driver went to the police judge, pleaded guilty and paid his fine before the papers were served. When the earlier offenders heard of this they promptly paid their fines to "show their heart was right" in the matter. So now it's fair warning to everybody to step lively, for the bars are down, and there's liable to be some more "pinching" done. 'Sawful.—Burlington Junction Post.

SOUUHERN LABOR MEETIHG

One Thousand Delegates Attend Great Congress at Memphis—Sessions to Continue Until Sept. 24.

Memphis, Tenn., Sept. 20.—More than a thousand delegates, representing almost every craft in the fourteen Southern states, were in attendance today when the Southern Labor Congress convened. The sessions will continue until September 24. Jerome Jones of Atlanta, Ga., president of the Southern Labor Congress, is presiding.

Samuel Gompers, president of the American Federation of Labor, and W. G. Lee, president of the Brotherhood of Railway Trainmen, are among the labor leaders who have been invited to make addresses during the convention.

The object of the convention is to discuss ways and means of bringing about better labor conditions in the South and of promoting more cordial relations between capital and labor.

One of the big problems in the South confronting organized labor is the negro. The negro does not take kindly to labor affiliation and there are few Southern labor organizations that are ready to admit the negro into their ranks.

It is expected that during the convention convict labor in several states will be discussed and it is not improbable that some steps will be taken looking to securing legislation in the Southern states that will eliminate convict labor from competition with free labor.

WHY PEOPLE STAY SICK

Well Known Specialist Explains Why So Many Fail to Get Well.

Dr. Drake Very Busy Demonstrating Without Price His New Methods of Restoring Health.

"Why is it so many sufferers go from doctor to doctor, remedy to remedy, from Hot Springs to Christian Science without getting the health they so earnestly seek," repeated Dr. Drake, in answer to a question. "Why the answer is quite simple. In the first place their case was not properly diagnosed in the beginning. Too much guess work used. Then perhaps faulty methods of eradicating the cause of the disease were used. There is no one medicine or system that will drive away all disease. Most cases require a thorough system of direction and treatment carried on under the care of a specialist who does nothing all of his life but make a study of diseased conditions and their cure. The real cause of the disease discovered then the specialist must decide which system of treatment will quickest relieve and cure his patient. Sometimes it is medicines, sometimes the newest electric currents, sometimes intravenous and bacterin administrations, sometimes vibration, sometimes the solvent treatment of the elimination of blood toxins and unbalanced body chemistry—in some cases all these methods. And all these require the earnest devotion and direction of a competent specialist. Secured before the case has advanced to the incurable stage, these are doing wonders for the sick, as thousands testify."

Dr. Drake has the facilities for giving attention to all who come and all are invited.

People of Missouri who have been cured in past years by the Drake methods are daily writing encouraging letters to him in his new field.

"Rosendale, Mo.

"I am thankful to you for your wonderful treatment and if anyone has any doubt about you in any way, refer them to me. I found you through the recommendation of a friend who had been cured, so I am glad to help others in the same way. E. E. Graff."

Dr. Drake will be at the Linville Hotel, Maryville, Sept. 23, from 9 a. m. to 5 p. m. Free examination and consultation to all who call.
